CI Memorandum No. _____

MEMORANDUM FOR: All Area Divisions and Branches

**SUBJECT: Bibliography of Works by Defectors from
Communism**

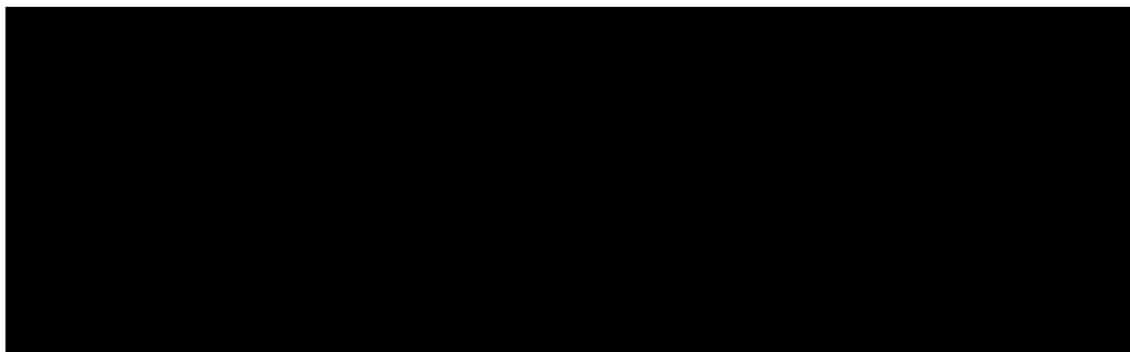

1. Attached herewith, for headquarters use and for forwarding to the field, is a three-part bibliography of works by defectors from Communism. The first part consists of a listing of titles; it includes some magazine articles as well as books, and concludes with a list of names of disillusioned Communists. The second part is an analytical listing, of books only (in many cases, of the same books listed in Part I). Some foreign language books are included. Part III is a continuation of Part II, with the addition of some books more recently published or which were not available for review at the time Part II was assembled. The lists and reviews were compiled by CIA Library, at the request of [REDACTED] 25X1A8a

2. We believe the lists may be of considerable value for liaison exchange purposes. Although the lists are unclassified, their U.S. origin may undoubtedly be inferred from internal evidence and the kind of books reviewed. The bibliography may provide a useful reading guide for intelligence and security personnel. It may also
